Update of TRQI, Point of Contact List

Central Intelligence Agency/Registrar
Washington DC 20505

1. The address shown above is the address we have on file and in our Pipeline Management System (PMS) for your agency. Periodically we review these and update the system of all known changes. Because we also use this address for written communications and message traffic, we must keep it as current as possible. The question now arises as to whether you are, in fact, receiving our address indicator group (AIG) messages since you have not responded to our AIG 618 message dated 131213 Apr 83.
2. Please provide us the following information by return mail or message:
 - a. Air Force-Assigned TRQI
 - b. Mail Address (to include office symbol/code)
 - c. Message Address
 - d. Point of Contact (include phone number--AUTOVON if applicable)
3. We appreciate your prompt attention to this request. We, in turn, will share the current information with all training offices here on Randolph and at our Technical Training Centers. In this way we expect to greatly improve our response to your Air Force training requirements.
